Aye-ooo, adventure time. Legacy of the Elder Star is a throwback to the retro adventure games of old. After a mysterious happenstance, a naked old man in a janitor's outfit leaps into your world with a beat-up telephone and a small suitcase.

He's on a quest to create The Legacy, a device that will save the humans from certain doom at the hands of a murderous robot army. Make sure to keep an eye out for little invisible monkey ghosts. They're on a quest to save The Legacy too. In

Legacy of the Elder Star, you become The Hero, and you get to wear a great big giant robot suit. And you get to be a giant robot. You can become this awesome robot in Legacy of the Elder Star for two different ways. First, you can pick up the Legacy. That will unlock the "Robot Suit" option. You can then go out into the world and become a giant robot! The Legacy can also be used to change your robot form.

If you pick up the Legacy, you will either become one of the more powerful robot forms, or will have to unlock the more powerful robot form by carrying a certain weight during a quest. Legacy of the Elder Star also has plenty of weapons to choose from, including: Kirksaw "Use it to cut your way through more than 20 rooms without ever entering the same room twice." -Official Strategy Guide Pegasus "Defender of humanity! Are you ready to bring down evil?" -Official Strategy Guide Big Bruiser "Designed for demolition." -Official Strategy Guide Nuclear Waste "This puppy will cause you quite a lot of trouble." -Official Strategy Guide The Legacy Powers The Legacy can also be used to power off some really weird abilities. Super Jump "An invincibility power." -Official Strategy Guide Press Down + Throw "When it's released, you will launch yourself at great speeds." -Official Strategy Guide Power Crack "A power that lets you summon the broken robot that you're pulling." -Official Strategy Guide Fatal "When activated, all nearby enemies are immediately frozen, until you get them out of your way." -Official Strategy Guide In Legacy

That woman with the tall drinks? I’m
